The Film Festival has grown to be a cherished platform that entertains and educates, uniting diverse audiences through the art of cinema. It brings together talented filmmakers and enthusiastic audiences, all of whom believe in the value of bringing a slice of Jewish life and history, through film to our community.

This past year we took a chance and changed the format so we could bring you one film per month from April through December. Based on audience response, film patrons are overwhelmingly in favor of the new format.

**Be a Sponsor this year and invest in the Festival and your community.**

**As a Sponsor, your name and business can be in front of a diverse audience for two screenings of each film, at least ten times over the coming 2025 season.**

*The number of films being presented has increased overall from six films in previous years, to at least ten. Levels of sponsorship have not significantly increased, though your exposure will!!)*

Dates for this year:

April 8 and 29, May 13, June 10, July 8, August 12, September 9, October 14, November 11 and December 9.

Depending on your level of sponsorship, you and/or your business can be visible to almost **4000 households through our weekly eNewsletter, the JCC website, on the screen before each show, and other Festival related publicity.**

We believe that your partnership will be mutually beneficial and serve as an investment in fostering cultural understanding and appreciation.

As always, your donation is tax-deductible according to the law.

It's your generous support that helps the JCC present the best international Jewish films to Sonoma County - films that entertain and educate, deepening our Jewish experience and connecting us to Jewish life around the world.

You can respond by returning the enclosed form, or by going online to [jccsoco.org](http://jccsoco.org).

Your Jewish Film Festival Team.
